Subject Recommended Amendments to the 1981 Salary Ordinance

COPIES TO:

Pursuant to your request I am recommending that the labor grades of two positions be amended in the 1981 salary ordinance. These are:

1. "Citizen's Advocate" currently listed as a labor grade 14 should be changed and inserted as a labor grade 16.

2. The position entitled "Assistant Ombudsman" should be changed to read "Assistant Citizen's Advocate" and the labor grade should be changed from a 5 to a labor grade 7.

In addition, three other changes have come to my attention which should be corrected. First, the position titled "Assistant Chief, Fire" is listed under two different labor grades, 15 and 13. The listing for "Assistant Chief, Fire" under labor grade 13 should be deleted. Second, the position of Chief of Communications had a salary which was inaccurately calculated. The proposed 1981 salary listed in the salary ordinance included technical pay in the calculation. This should not have been included, therefore, the 1981 salary should be amended to read "$21,112". Third, the position titled "Chief Deputy City Clerk" should be reclassified from a labor grade 8 to a labor grade 10.

Subject Board of Safety Director

COPIES TO:

Appointment Journal

In response to your request regarding the functional role of the full time Director of the Board of Safety, I am pleased to submit the following information for your review:

As was indicated in the job description which has already been provided to Council, the Director of Public Safety will "manage the various City departments responsible for preserving the well being and safety of Fort Wayne's citizens". In exercising this responsibility the Director of the Board of Safety, along with the other members of the Board, shall function as the immediate supervisor of the heads of the various public safety departments. In addition, the Director of the Board of Public Safety will be responsible for maximum feasable coordination of the various safety departments' activities to ensure a complimentation of efforts.

While it is my view that the Board of Safety, primarily through its full time Chairperson/Director, will be the immediate supervisor of the various safety departments, this in no way should be construed as unnecessarily limiting the communications between department heads and my office. As with any other major department, personnel need only to contact my office and time is readily made available for whatever issue or purpose is necessary.

This structure and supervisory relationship permits the maximum attention to detail on a day to day basis by the full time professional Chairperson/Director of the Board of Safety without sacrificing the mayoral responsibility for policy and direction and implementation.
